Summary

Enthusiastic and innovative Computer Science and Design engineering student with hands-on experience in full-stack development, AI/ML applications, and blockchain-based platforms. Proficient in modern web technologies and passionate about creating secure, scalable, and user-friendly software. Demonstrated success in academic and real-world projects with a strong foundation in software engineering.

Skills

- Languages & Frameworks: Python, pytorch, Java, JavaScript, Node.js, ReactJS, Angular, HTML
- Databases & Tools: MySQL, PostgreSQL, MongoDB, Tableau, Figma, Git
- Development Areas: Full-stack development, AI/ML, Blockchain, Cloud integration, API handling, Automation

Internship

Varcons Technologies Pvt Ltd –
Full-Stack Web Developer
Oct 2023 – Dec 2023

- Developed a biometric authentication web application |
- Contributed to the development of "Zuri", a secure authentication

Coincient (Microsoft AI Azure
Fundamentals) *AI Intern*
Mar 2023 – May 2023 | Remote

- Developed a landmark detection web app
- Trained and deployed image classification model

Education

Dayanand Sagar Academy of Technology & Management

B.E. – Computer Science and Design | Jun 2025 | **CGPA: 8.1**

Silas Mahesh PU College, Udupi –PCMB | **Class XII: 74%**

Nandi International School, Bellary – CBSE | **Class X: 64%**

Projects

Mock Expert – Interview Prep Platform (*Jul 2024*)

- Created a smart platform for AI-based interview simulations.

NextGen Smart Course Generator (*Oct 2024 – Present*)

- Developing an AI-powered LMS for course generation and skill enhancement.

Action Recognition to Audio Translator (*Jan 2023 – Mar 2023*)

- Designed a sign language to speech translation system.

Landmark Detection Web App – Coincient | Microsoft AI Azure (*Mar 2023 – May 2023*)

- Built a Gradio-based web app for landmark classification using Python and pretrained models.

Accomplishments & Certifications

- Participant, CYPHERQUEST Hackathon by Club ALMATRON (2024)
- Microsoft Certified in Artificial Intelligence with Python and Varcons Certified Full-Stack Web Developer
- Got Shortlisted to Google summer of code Phase 2.
